

TITLE OF WORK: Nothing Escapes My Eyes

ARTIST: David Krippendorff

YEAR PRODUCED: 2015

MEDIUM: HD Video

DURATION: 13 min 43 sec

EDITIONS: 1/6 + 1AP

Nothing Escapes My Eyes is about a silent transformation of a place and a human being. Inspired by the texts of Edward W. Said, the poems of Mahmoud Darwish and Verdi's opera *Aida*, the film depicts in a metaphoric form current issues of cultural identity, loss and the pressures to conform. With no dialogue, the film is backed by a musical excerpt from *Aida* whose lyrics express the difficulties of being loyal to one's country and cultural identity. The personal and urban transformation tackles issues of identity, loss and disorientation as a result of historical colonialism and contemporary globalization.
